

Paula Scaffidi

Textile Treasures Retreat: Creative Embellishment, Trims and Specialty Fabrics

June 13 - 14, 2014
Hands-on Session

Brand Ambassador Series

Join Paula Scaffidi, AKA Fiberella, to create Textile Treasures! Dive into lush textures, fresh technologies and lovely materials as you create an abundance of exotic fabric types, delightful linear trims and intriguing embellishments. All will be to scale for project use and washable; taught and created in a way that simplifies producing multiples or more yardage in the future. Apparel, accessory, quilt, home decorating, costume, artisan craft, mixed media and vessel enthusiasts are all invited! Paula's Textile Treasures range across the spectrum from opaque to transparent, and from delicate to form-holding or crisp. You'll learn to produce the weight and drape of fabric, trim or embellishment best suited to the project type you have in mind.
